Every student deserves to graduate high school confident in their desired career path. With a diverse catalog of career-launching digital programs from Savvas CTE, you can empower every student to discover their interests and develop job-ready skills.

Reimagine CTE

Student-Centered Design

Grounded in educational research, each course maximizes student motivation and engagement with real-world relevance, hands-on projects, interactive assignments, and accessibility tools.

Ready for the Real World

Students go beyond understanding concepts to applying them in real life—honing the skills they need for in-demand careers.

Employability Skills

Students build essential workplace skills—including professionalism, communication, and teamwork—that support a positive work culture and long-term career success.

Certification Prep

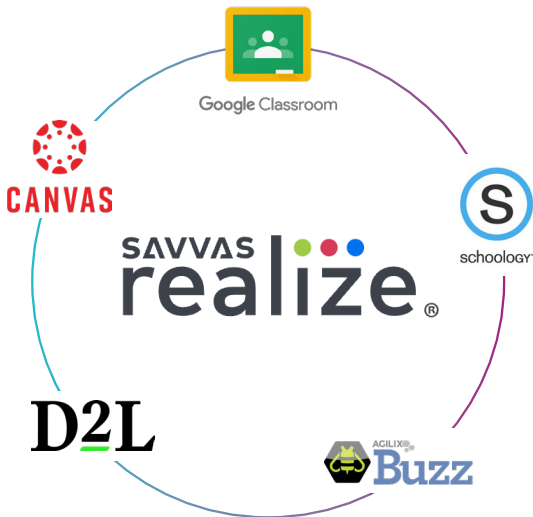

Certification aligned curriculum prepares students to excel on certification exams and earn resume-boosting credentials.

Students who pass select certification exams are eligible for college credit recommended by the American Council on Education (ACE) and trusted by colleges nationwide.*

Seamless Access on Savvas Realize

Focus on student success—not the tech setup—with flexible curriculum for virtual or blended learning ready to go in your school's learning management system.
